INTRODUCING

Introducing our All-New Surfaces with advanced grip technology in R10 anti-slip tiles, designed to enhance your everyday experience. Whether you're walking, running, or simply enjoying a quiet moment, our tiles ensure that you do so fearlessly, offering superior protection against slips and falls. Crafted to prevent accidents and potential losses, they provide peace of mind while adding a touch of elegance to your spaces. What sets our tiles apart is not only their functionality but also their captivating aesthetics.

The intricate patterns and stunning surface finishes draw attention and elevate the ambiance of any room, creating an environment that is both safe and beautiful. Embrace safety without compromising on style, and let our R10 anti-slip tiles transform your space into a sanctuary of beauty and security.

Make a Difference with Anti-Slip R10 Surface

Experience unmatched safety and elegance with our R10 anti-slip tiles. Designed for advanced grip, these tiles prevent accidents while enhancing the beauty of your space. Enjoy every step confidently and stylishly, every day!

About Unique Surface & Collection

Our R10 anti-slip tiles offer a perfect blend of functionality and elegance, available across three stunning collections: Raw Series, Core Series, and Full Body tiles. These collections bring you a wide range of designs, textures, and colors, all with a matte finish to ensure a sleek yet non-slip surface.

The Raw Series showcases natural, earthy designs that evoke a sense of rustic charm. The Core Series, featuring Digital Full Body tiles, offers intricate, high-definition patterns that enhance depth and dimension.

Finally, the Full Body tiles collection provides unmatched durability with consistent color and texture throughout. Each tile is crafted to provide superior grip while maintaining visual appeal, making it the ideal choice for both residential and commercial spaces.

Our commitment to research and technological excellence ensures that every tile offers superior grip and visual appeal, making them the ideal choice for both residential and commercial spaces. Experience the perfect blend of safety and sophistication with our expertly engineered R10 tiles.

The Ultimate Floor Application

Our R10 anti-slip tiles are designed for ultimate durability, making them perfect for high-traffic areas such as commercial spaces, shopping malls, kitchens, and outdoor patios.

Their superior grip and robust surface ensure safety while maintaining style, making them an ideal choice for both residential and heavy-use environments.

The Rare Features Made for Specially R10

Anti-slip and durable tiles are essential for high-traffic areas like shopping malls and airports. These tiles offer superior grip, even in wet conditions, reducing the risk of slips and falls. Their durability ensures they withstand heavy foot traffic and maintain their appearance for years. Additionally, they are resistant to stains and scratches, making them easy to clean.

With their combination of safety and longevity, anti-slip and durable tiles are an ideal choice for commercial spaces.

About Unique Surface & Collection

Discover unmatched elegance and safety with our R10 anti-slip tiles, featuring three captivating collections: Raw Series, Core Series, and Full Body Collection. The Raw Series brings earthy tones and natural textures, perfect for a minimalist look. The Core Series showcases Digital Full Body tiles with intricate designs and rich colors, while the Full Body Collection offers timeless durability.

All tiles feature a beautiful matt surface, providing a seamless blend of style, texture, and safety across a wide range of designs and shades.
